## Proudly manufacturing in Australia for over 30 years, Caprice Paper Products offers a diverse range of specialist paper products to Australian industry.

From the premium tabletop range to industrial strength towel and wipers, all Caprice products are purpose developed to meet the needs of the specific markets they serve. With facilities in Victoria and New South Wales, the Caprice team proudly serves a wide range of industries including cleaning, hospitality, healthcare and more. As a family owned and run business, it is incredibly important to us to provide high quality product and excellent customer service to our valued customers.

The Caprice team now occupy over 90,000 square feet of factory and office space in Kilsyth, Victoria. A second facility in New South Wales ensures prompt delivery nationwide to thousands of delighted customers:

- Hotels
- Restaurants
- Hospitals
- Schools
- Nursing Homes
- Body Corporates
- Caterers
- Cleaning Agencies
- Industry
- Clubs
- Event Venues

An established sales and support team hold a reputation for insightful advice and high-class service, making your entire Caprice experience a pleasant one.

# SUSTAINABILITY certifications

In May 2019, Caprice Paper achieved chain of custody certification for both FSC® and PEFC forest certification schemes. We also offer a range of products that are HACCP certified.

We continue to work with like-minded organisations and our suppliers to gain greater knowledge and understanding to create a safer and more sustainable future.

Ask our customer service team about our FSC®, PEFC and HACCP certified products.

## ABOUT FSC®

The Forest Stewardship Council is a not-for-profit organization that sets the standards for what a responsibly managed forest is, both environmentally and socially.

FSC® certification tracks the wood from the forest to the shelf. So when you see the FSC® label on a product, you can be sure that the paper or timber came from responsible sources.

## ABOUT HACCP

HACCP International is a highly specialised project management company with its sole activity being the provision of technically qualified personnel and services to the food industry.

Their purpose is to identify and manage hazards, reducing the risks of food contamination events through the development, implementation and ongoing operation of comprehensive, HACCP based Food Safety Programmes.

## ABOUT PEFC

The Programme for the Endorsement of Forest Certification care for forests globally and locally. They work to protect our forests by promoting sustainable forest management through certification. This means we can all benefit from the many products that forests provide now, while ensuring these forests will be around for generations to come.

# CAPRICE™

*Here at Caprice we are aware that what we do has the potential to impact our environment, so we make choices to ensure it's a positive impact.*

We've been manufacturing paper products for over 30 years and have plans to do so for many years to come, so it really is in our best interest to take environmental sustainability seriously. We encourage our customers to compare suppliers and make a discerning choice.

- > All Caprice products and raw materials are sourced in accordance with our 'Ethical Sourcing' + 'Legal Timber Purchasing' policies
- > Our Caprice Green range offers a range of washroom products made from 100% recycled materials.
- > We collect our own rainwater for cleaning and office use.
- > Our lighting throughout office and factories is all energy efficient and sustainable.
- > We manage to save about 90% of our waste, like packaging and plastic waste, for recycling initiatives.

  
A Sustainable  
Choice

# Caprice Green delivers a sustainable choice

Manufactured from sustainably sourced materials and offering 100% recycled options, Caprice Green is an exceptionally sustainable choice. View our range of toilet tissues, jumbo toilet paper rolls, paper towels and napkins and look for our FSC® and PEFC certified products.
